We have 2 exclusive VIP cocktail rooms connected to the main club. Both have their own private bar and bartender and can hold up to 80 people. These are perfect if you are holding a function or party and want your own private area. We have the ability to show videos and photos and to play your own music.

Free Entry is included for everyone who is attending the function and the room can have basic decorations provided depending on the theme of the evening. If you wish to provide food on the evening for your guests this needs to be provided by you and organized with Cocktails Nightclub prior to the evening.

Bar Tabs available with payment to be made upfront

VIP Booth Package

Our exclusive elevated VIP Booths are located close to the dance floor and bar and can cater for small and large groups of up to 20 people. Your private Booth will be roped off for you for the night, giving you the luxury VIP experience. VIP booths start at \$300.00
